## **THERE'S PURPOSE IN A CAREER AT ACE ETHANOL**

Ace Ethanol was built by local investors so local farmers could benefit from the increased value of the corn they grow. We reward their confidence in us by constantly improving production efficiency to produce ethanol above the official nameplate rating for our plant. In fact, ours is a culture of continuous improvement as we seek to improve everything we do.

Our employees fill a variety of positions and represent an array of special talents. We hire people to work in ethanol production, in marketing, in grain receiving, and in quality control. We are committed to safety, quality, and environmental responsibility. We provide very competitive base pay, excellent production incentives, and generous benefits (health, dental, life, disability, 401(k), paid time off, etc.). Located in Stanley, Wisconsin, we are currently seeking candidates for the following position:

### **OPERATOR (7:00 PM TO 7:00 AM)**

Operators are responsible for safely operating production equipment and systems for all products manufactured. Monitor efficiency of production processes via computerized systems and visual inspection of large equipment. Understands sequence of plant operations, control systems, piping, etc. Troubleshoots and adjusts operational problems. Performs plant inspections for equipment and process problems. Performs quality control tests and logs results, works closely with lab staff. This position requires at least a high school education or equivalent. Experience working in a process production environment with an understanding of process flow is highly desirable. Requires lifting (approx. 75 lbs.), bending, twisting, climbing at heights above 100 feet, reaching, and squatting as well as confined space entry.

This is a full-time position working 12-hour shifts with some required overtime. Schedule is on a 2on-2off-3on-2off-2on-3off two-week rotation. Pre-employment background screening, physical, and drug screen required. We are an equal opportunity employer.
